

Litters that continued to be inbred on Saluki and/or smooth Afghan since the publication of the “[Foundation Sloughis article](#)” in 2007

Negative efforts keeping in the Western bred "Sloughi" population higher percentages of foreign blood than the 6.5% allowed by the FCI

Jenna smooth Syrian Saluki, Laba'An II al Khalij smooth Saudi Arabian Saluki, L'Karla Diane, smooth Afghan Hound

Highest percentage indicated in red (Magistere kennel)

We rely here on the correctness of the Sloughi Data Base on Pawpeds. Any mistake is to be taken up with the manager of that data base
